SNO-WAY
SNOW & ICE CONTROL EQUIPMENT
Blow-Out Prices

New 7'6" or 8' HD Snowway snowplow with down pressure hydraulics - Includes all snow plow components, such as blade, frame, lights, hydraulics, wiring harness and headlight adapters, wired controller and truck mounting kit. This plow is not assembled as the picture shows. We can assemble the plow for an additional \$200.00, but it must then be picked up at our store as it will not ship assembled. Please check the vehicle application at SnoWay.com or contact us with your vehicle information to make sure it is compatible with your vehicle and a frame mount kit is available. We cannot be responsible for plows purchased that there is not a mount kit available for. Plow comes with a full factory warranty that starts the day the plow is sold. Please see Sno-Way's web site for warranty information.

Prices starting at \$3849
